DR. R.P. MALIK
FOUNDER CHAIRMAN
LOVELY GROUP OF SCHOOLS

With the blessings of our respected Chairman, Dr. R.P. Malik sir we are launching the school magazine ANUBHAV.

Our honorable Sir was a true epitome of a SELF MADE man, who made his own way of life and created his destiny with his utmost hard work and dedication. He has been a protagonist in the field of education. He dreamt of having a school, where every student would bloom to the fullest. Gracefully, his dream turned into reality and today, we have a chain of schools, where we are able to create responsible, happy, value oriented, successful and a balanced human beings in all aspects of life. He inspired the masses to aim high and achieve the goal. He attained great success against challenging circumstances in his life. He has been a torch bearer for all of us. He motivated the students to stay connected with the cultural roots and imbibed

Sanskaars among all his students as well as teachers. Moreover, he has set benchmark for the society upgradation. He was a Philanthropist, who treated all the children as his own and aided the education of the fourth class employees working in his institutions. He always motivated people to serve the purpose of productive outcomes for oneself and the society. He was a scholar, who justified simple living and high thinking. His legacy will continue to live and serve mankind in the form of world class educational institutes founded by sir.

Our tribute to respected sir – A LEGEND, whose valuable teachings and memories are engraved deep down in our hearts. His optimism and humbleness never failed to charm anyone. Sir will always be remembered for his pragmatic personality, for his generosity and love for the underprivileged.

Sir will always be admired and adored by all.

**We love you sir and pray that
your blessings will be our precious asset forever and ever.**

DR. Mrs. S.D. MALIK
CHAIRPERSON
LOVELY GROUP OF SCHOOLS

In order to succeed, we must first believe that WE CAN.

It's a matter of great pride to pen down the message for
Anubhav- The annual school magazine.

Education is the foundation of all progress. Its purpose is to inculcate humanitarian values, wisdom, compassion, courage and reliability in students. Academic excellence along with active participation in co-curricular activities complete the process of education and it gives me immense pleasure that the school is progressing in all its endeavors towards the holistic development of the students.

The seeds of an idea sown fifty years back have grown into a strong tree . The school has marched forward to spread the light of education and pave the path of excellence for every student. It is heartening to see the achievements of the students and the school's progress throughout the year.

I hope the school graduates will become leaders of their chosen fields and contribute positively towards the progress of our nation and of humanity at large.

May the beacon of truth and knowledge show us the right path.

**DR. INDER MALIK
MANAGING DIRECTOR
LOVELY GROUP OF SCHOOLS**

RPM Lovely Group of schools ensures high quality education which motivates and empowers our students to be lifelong learners and the productive members of the society. For us, education is not just the amount of information that is put into a child's brain. However, it is a system that caters the needs of every individual.

We want all our students to achieve their full potential. Our task is to make it possible and our mission is to provide a platform for the same.

At our school, success is ensured for all the student with the help of an enriching, child centred, balanced and structured curriculum. The school focuses on the positive recognition of every student's achievements. Teachers at LPIS are highly qualified and experienced educators, who are committed to extend support to each student's learning experience through quality instruction and guidance that addresses the needs of the individual child.

I, personally believe that an education system that develops the imagination of the child is richer than the one that does not. The imagination is where new ideas are created and progress becomes possible. "Imagination is more important than knowledge" because knowledge is about what we already know, whereas imagination is what moves cultures forward. Imagination leads to innovation. Therefore, we at LPIS lay emphasis on imagination and creativity which is the need of the hour.

DR. MAHIMA MALIK
DIRECTOR
LOVELY PUBLIC INTERNATIONAL SCHOOL

The greatest gift a parent can give to the child is good education. Our children represent our hopes and dreams. Our attempt is to make the most formative and beautiful years of a child's life - a joy forever. Education as a realm becomes a whole when it ensures the overall development, keeping the individual differences and the expertise in mind. Our school aims at the overall significant development of the students.

Parents, want the best for their children and we at LPIS are proud to be working with them to ensure that the students are given the right knowledge to face future challenges. With our parents' support and active partnership, we envision our students, growing up, as leaders and trustworthy citizens of our nation. Our students will be the role models for the society and we expect them to visualize their goals. The purpose of this school is to provide high quality all-round education to the children equipping them with life skills and knowledge. Under the guidance of our able team of teachers, we ensure their well-being as, the children spend long hours in the much required safe and secure environment.

We believe in building a strong foundation for students, right from the nursery level, by inculcating global values and preparing them to face emerging challenges. By fostering creative thinking and innovations that will help improve the quality of their life. We wish to inculcate in our students a concern for others and I am certain, this temple of learning, will help the students to grow intellectually and physically sound, to lead their country with dedication and become responsible nation builders.

"Flowers leave part of their fragrance in the hand that bestows them."

The mind is not a vessel to be filled but a fire to be kindled. As long as our ideas are expressed and thoughts kindled, we can be sure of learning as everything begins with an idea. Learning is not a process limited to schools and colleges only, nor does it end with the conclusion of one's school career. It is indeed a lifelong process.

Our school is oriented to make each child achieve his goal by teaching them to adapt various methods suiting the dynamics of changing world. It is further characterized by sharing common vision, responsibility and above all love, faith and trust to build a strong community of intellects. Even as we impart education to match the advancement in technology and globalization, we march our children

ahead with ethos of moral values and principles in order to make them grow into sensitive and responsible citizens of the future.

We believe that our children will always move forward with the attitude of gratitude to make this world a lot more beautiful.

Aristotle once said that,

"Educating the mind without educating the heart is no education at all".

"Planning is bringing the future into the present so that you can do something about it now."

The school is focused to provide to the children a rich array of opportunities to learn, to grow, to discover who they are, and how they want to make a difference in the world. The school curriculum is designed to reap extraordinary outcomes for the children and aid their holistic development.

As each sunrise brings a new day filled with new hopes similarly each new day at LPIS is an opportunity to explore and learn with fun. I am proud of my team, which works to accelerate the learning and groom the overall personality of students in the most efficient manner.

Effective planning, execution, adding innovation to school curriculum and most importantly keeping the personal touch with each and every student are the masterstrokes of LPIS.

Chairperson RPM Circle of Schools

From Chairperson's Desk...

It is not in the stars to hold our destiny but in ourselves. – William Shakespeare

Today, the role of school is not only to pursue academic excellence, but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members. Global learning is not a process limited to schools and colleges only, nor does it end with conclusion of one's school career. It is indeed a lifelong process. It is further characterized by shared vision, responsibilities and above all, love and faith in God in order to achieve goals. Dear students, it is my message to you all that the people of fine character live by their values. They are honest and are committed to truthfulness, word and deed. True character thus encompasses the capacity for self-discipline. Character creates self-respect which in turn leads to high self-esteem. Maturity is reflected in all aspects of character, the decisions we make, the friends we choose and the responsibilities we accept. Always remember to uphold the dignity of people, be always ready to give prominence to other. *What you are is God's gift to you. What you become is your gift to God. Have something to live for. Bring out the best in you.*

"With warm wishes and Almighty's blessings".

Principal's Message...

"Flowers leave part of their fragrance in the hand that bestows them."

The mind is not a vessel to be filled but a fire to be kindled. Just as our earth gives us more and more, same way learning is not a process limited to academics only, nor does it ends with the conclusion of one's education. It is indeed a lifelong process. In every child, there is a world waiting to be explored. Dear students, the best way to find yourself is to lose yourself in the service of others. Firmly believing in our core values of Courage, Compassion, Equality and Integrity, we aim to nurture our students so that they will be well equipped to face the competitive society with value-based knowledge and skills. According to Paul Bear Bryant, "It is not the will to win, but the will to prepare to win that makes the difference".

"Develop a passion for learning. If you do, you will never cease to grow".

Dr. Ishwina Prasad
Principal

Diwali was organised for the students on 21st & 22nd October in the school premises. Our Students thoroughly enjoyed putting up Stalls of Food, games and Skitings like Columbus, Train ride, Mickey Mouse etc. Their faces were gleaming with joy and laughter.

WHAT SHOULD WE DO?

If you want to go,
Go for helping others.
If you want to see
See good things.
If you want to read,
Read good books.
If you want to keep,
Keep your promise
If you want to kill,
Kill your pride.
If you want to judge,
Judge your own mistakes.

WISH OF EVERY CHILD

Let the teachers of our class
Set us tests that we all pass.
Let them never ever care
About what uniforms we wear.
Let them say it doesn't matter
When we want to chatter.
Let them tell us every day
With studies we have to play.
Let them tell our mom and dad
We were always good and never bad.
Let them write in their report
We were the best class they ever taught.

DISHA PUGALIA, VI-B

SPIRITUALITY - AN OVERWHELMING EXPERIENCE

Spirituality is a belief in someone or something beyond the self. It answers questions about the meaning of life, how people are connected to each other, truths about the universe, restores hope and optimism, to cope with feelings of stress, depression, and anxiety etc.

Everyone experiences or expresses spirituality in the different or the same. way. Some people may seek spiritual experiences in revery aspects of the life, or while others may be more likely to have these feelings under specific conditions or in certain locations. For ex. some people may be more likely to have spiritual experiences in religious places, while other might have when they're out enjoying nature. Spirituality enriches our life for better.

WHO IS A PATRIOT?

Patriotism is a highly honoured feeling. A true patriot is the one who works hard for the betterment of his country. He contributes his bit towards improving the condition of his country in whatever way he can. A true patriot does not only work towards building his nation but also inspires those around him to do so.

A feeling of patriotism cannot be forced into a person. It comes from within. However, upbringing and the atmosphere can play a pivotal role in infusing sentiments of patriotism in kids. When each person in the country loves the nation, then the nation blossoms. When each person is loyal to their motherland, corruption vanishes. The common people can also show their love and support for their homeland by embracing traits like honesty and helping others. We can become true patriots by safeguarding the country's assets. We should stop the one who badmouths our country. We should extend a helping hand when needed by anyone, like during natural calamities or disasters. We should maintain cleanliness around us, so whenever foreign tourists visit our country, they shall praise our habits and the beauty of the country.

HAPPINESS A KEY TO SUCCESS

Happiness is a key to success,
It is a medicine to cure stress.
It helps us to stay positive,
If you laugh, you will be blessed.
The world cheers you,
They will give happiness to you.
Happiness is a state of mind.
You to others it binds.
If you laugh, you make many friends,
All your worries will end.
So be happy always!

MUSIC

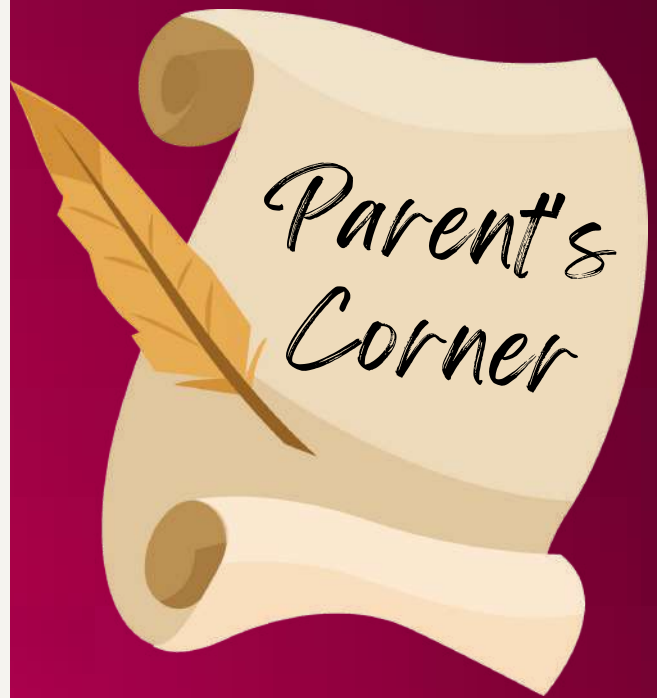

Music is the ocean that pulls me to
the shore,
Music is the rhythm that moves me
to the core!
Music is the therapy; I need when I
feel blue.
Music lifts my spirits, to make sure
I will pull through.
The times, when I'm most cheerful,
It's clear, music was there,
Music is the needed friend,
When no one seems too care.

ANIRUDRA JAIN, VI - A

GRANDPARENTS

Grandparents are like heroes,
Heroes of the grandchildren.
They are the teachers, they are the preachers.
They play in the house, they play in the grass,
Together we do amazing tasks.
They are nice and caring,
They teach us the value of sharing.
They are peaceful and cuddly, They are lovely.
They give so much time,
They dance and sing rhymes.
They fill our lives with happiness so true,
They are the ones, who chase our blues.
They are the greatest support in the world,
near or far, wherever you are
Grandparents will always be the shining Stars.
Forever our superstars

"It is the sunlight of parental love that enables a child to grow."

MOTHER

There is a simple word "Mother".
I will try to simplify it further.
'H' stands for the motivation provided her...
This help us to conquer difficulties. and look further....
'O' shows the obedience she commands.
If you obey her you won't face many hazards.
The most important aspect of her nature is revealed by 'T'.... it showed shows her tenderness" for you and me...
'H' is for hardwork, she puts for us...
'E' is the eagerness. to put us on the road of success...
'R' Stands for the relief her face shows when you complete any task...
What more quality can you from Your mother ask...

CHALLENGES

Life is a challenge, just face it!
Hurdles are the cycles, just ride it.
Pull and push, turn and twist goes on,
Give your hundred percent, just come on.
Ups and downs are the parts of life,
The two hands of life that always swipe;
Hard time will never leave you
Obstacles will always hug you;
Show your efforts and positivity.
Don't lose your hopes and ability
Success will come running towards you.
Overcoming challenges will judge you;
Just fight and fight, don't lose hope
Try and try, there is always a scope.
You are the hero who can win,
This is not the time of your ending.
Hard work and efforts are your two siblings.
Focus on your goals you will always succeed;
This is the time when you can lead.
Don't quit, don't quit
Just give a shot and give a hit.
