PARENTS' PERSPECTIVE

MR. AKHILESH PANDEY
P/O Ayansh Pandey
(Grade -11)

As parents, it was very formidable to manage Ayansh's class and homework alongside my office work. However, I am proud that we did it successfully together.

It has been a smooth transition from physical to virtual education for my son, and I am pleased to be a part of this beautiful journey with my child. The students have continued their online education, learning new material, taking tests, and completing projects while having Zoom lessons from the day one. This demonstrates the dedication the fantastic staff has for our children. Thank you for encouraging our kids to bring out the best in them even through these challenging times and making them unique in their own way.

The present covid crisis is a challenge for all, especially for children struggling to adapt to the new uncertainty. I would like to thank and appreciate everyone engaged in my child's learning journey for being accountable and putting all things into action very fast.

I am very happy to see the discipline and response from each staff and teacher and would like to say thanks for their hard work, dedication and commitment levels during the entire academic session. Special appreciation to the Academic Head and the teachers for being so helpful and supportive to the children. All the teachers and management always think about the best development of kids and groom them as per their individual needs. I could see their hard work and full dedication during the pandemic time. Children were efficiently engaged in academic and non academic activities. I wish all the very best to the entire management and teachers for their future endeavours.
