Remember, there are no shortcuts in life. So, study regularly and be more knowledgeable with each passing day.

Best wishes for the upcoming academic year- 2022-23.

During the academic year 2021-22, we all had a roller coaster ride. Though the trio among the parents-students - the school had not let any stone unturned to make this unusual year a successful learning experience. The success of students in this school is a reflection of the hard work, dedication and maturity of the students and the expertise, effort and enthusiasm of the teaching and support staff. Words would not be enough to praise you all. You have proved that if one thinks beyond the comfort zone, one can do anything. My heartiest congratulations to all my Shining Stars. May you continue to vibrantly gleam in years to come.

Your hardwork, sincerity and dedication is much appreciated.

Parent's Perspective

In last two years, all of us have experienced changes because of the COVID Pandemic. Among many ups and downs in our lifestyle and learning strategy, which has shifted from classroom to virtual classroom, chalk and duster to laptops or mobile phones the school management and faculty had groomed the students in the utmost manner. The contributions continued till the late evenings, providing countless hours of learning innovative teaching techniques, ensuring that every student has the access to the curriculum. Troubleshooting digital issues were also resolved nicely. The parent-teacher calls during the evening hours aided us to access the student's progress timely. For all of these reasons and more, thank you for going above your call of duty. Thank you for sticking by the students throughout two years and creating such a safe learning environment with empathy, patience, and perseverance.
