Dr. (Mrs.) S. D. MALIK
Chairperson
Lovely Group of Schools

*Life is about moving on,
accepting changes and looking
forward to what makes you
stronger and more complete.*

We are living in a fast changing world. The pace of change is indeed so fast that almost everything seems to be in transformation mode. This year we have seen a great transformation of the Real Classroom into the Virtual Classroom. Knowledge is no longer constrained by time and space. It has expanded beyond the classrooms. Youth of today exhibits unparalleled genius and is to be prepared for global stage. Our pedagogical practices are shifting from teaching to learning. In emerging global dynamics, educators at Lovely Public International School play the role of change managers, designing curriculum which focusses on value orientation. We aim at grooming the students into ethical and principled leaders of tomorrow, whose thoughts and actions are deeply embedded in the values and culture of our land. As a premier educational institution, we are known for creating our own benchmarks and elevating ourselves to higher planes.

**May all my students flourish with every passing day.
Wish you all good luck.**
